

Ellutia GC Excellence Academy

The GC Excellence Academy is a dedicated training centre, equipping gas chromatography (GC) users with the insight they need to advance GC knowledge and expand the uses of this highly versatile technique.

The Academy provides training courses led by our technical experts, as well as sessions by Royal Society of Chemistry - approved independent trainer, **Anthias Consulting**.

We offer a range of training courses that cover key application areas including brewing, cannabis, ultra-fast gas chromatography and Ellution chromatography software training. Ellutia also offer bespoke training courses for individual companies tailored to their specific requirements.

To learn more about **Ellutia** visit www.ellutia.com
or to book onto one of our courses,
visit www.ellutia.com/gcacademy

Cannabis Analysis

There is an increasing need for quality control in the buoyant cannabis industry. This course is suited for businesses with minimal GC experience, looking at common applications including:

Potency Testing; Terpene analysis; Residual Solvents; Pesticide screening

Register your interest for the next cannabis analysis course here: www.ellutia.com/training/cannabisanalysis

Brewing Analysis

GC is a widely used technique for quality control in the brewing sector, to identify changes that occur during the fermentation process that affect the taste or quality of the product.

Register your interest for the next brewing analysis course here: www.ellutia.com/training/brewinganalysis

Ultra-Fast GC

This course is an introduction to the technique of Ultra-Fast GC, looking at the technology and principles behind the technique and learning how to develop methods, run samples and compare the results to conventional GC.

Register your interest for the next Ultra-Fast GC course here: www.ellutia.com/training/ultrafastgc

Ellution Training

The Ellutia GC Excellence Academy is a DataApex approved training centre for Clarity and Ellution training. A complete training course on the how to set up and use Clarity/Ellution chromatography station.

Register your interest for the next Ellution training course here: www.ellutia.com/training/ellution

GC Training

This course is hosted by Anthias Consulting and has been approved by the Royal Society of Chemistry (RSC) for purposes of Continuing Professional Development (CPD).

This course is suitable for absolute beginners as well as those with some knowledge of GC, learning the essential and practical theory about all available GC & GC-MS techniques.
